

EXECUTIVE SUPPORT GROUP

As an entrepreneur or manager of your business, you constantly face new challenges. Changing market developments make organizational adjustments necessary and unexpected situations require short-term decisions or adjustments of the strategic goals of your company.

But often the day-to-day business really does prevent itself from taking the needed time to find the right solution.

You would also like to exchange ideas in order to get to know other opinions, to recognize new aspects, and to develop new ideas or to question strategic considerations. In your own company, however, you often lack the right contact person and finding the right professional consultant from the outside is often associated with high costs. He/she needs your trust and enough time before he/she can support you and the result is often uncertain.

"None of us is as smart as all of us." – Ken Blanchard

We invite you to become a participant in one of our executive groups. Here, 8 entrepreneurs, directors, decision makers or representatives will meet once a month for a fixed date. They meet in each of their companies in turn while also presenting their own organization to the

other participants. Everyone will get enough time to present their problems, questions and ideas to others. The expert group then discusses this together, draws up proposals, shed light on new perspectives, develop new aspects and possible solutions for current tasks or problems. The groups are supervised by one of the experienced coaches **Ted Quan**, (psychologist) and **Andreas Fehrens** (mediator & entrepreneur).

The often-initial skepticism of whether this is something useful for me dissolves after the first meeting through common understanding, refreshing group dynamics and the achievement of real results.

The contract agreement allows you anytime to decide on further participation. The participation fee is 3950 CZK plus VAT per session with a maximum of 8 participants. The seminar takes place monthly on a fixed repetitive day. e.g. each Thursday in the second week of each month and will take place alternating between the participating companies.

For further information please don't hesitate to contact us for a personal meeting with our coaches.
